This work is provided “as is,” and the publisher disclaims any and all warranties, express or implied, including any warranties as to accuracy, comprehensiveness, or currency of the content of this work.

This work is no substitute for individual patient assessment based upon healthcare professionals’ examination of each patient and consideration of, among other things, age, weight, gender, current or prior medical conditions, medication history, laboratory data and other factors unique to the patient. The publisher does not provide medical advice or guidance and this work is merely a reference tool. Healthcare professionals, and not the publisher, are solely responsible for the use of this work including all medical judgments and for any resulting diagnosis and treatments.

Given continuous, rapid advances in medical science and health information, independent professional verification of medical diagnoses, indications, appropriate pharmaceutical selections and dosages, and treatment options should be made and healthcare professionals should consult a variety of sources. When prescribing medication, healthcare professionals are advised to consult the product information sheet (the manufacturer’s package insert) accompanying each drug to verify, among other things, conditions of use, warnings and side effects and identify any changes in dosage

schedule or contraindications, particularly if the medication to be administered is new, infrequently used or has a narrow therapeutic range. To the maximum extent permitted under applicable law, no responsibility is assumed by the publisher for any injury and/or damage to persons or property, as a matter of products liability, negligence law or otherwise, or from any reference to or use by any person of this work.

To Chin-Yin and William.

—KCC

Dedicated to my daughter, Wells Thorne—my standard for beauty, harmony, and ethics.

—CHT

To my wonderful and patient wife, Rosa—without her support this book would not be possible, I love you. To Genoa and Giovanni—thank you for being the best kids I could ask for and completing my life. To my parents for their lifetime of support and love and being the best role models. To my great plastic surgery mentors who have inspired me, including Charlie Thorne, whom working with on this book with has been a tremendous joy.

—SS

To my wife, Cindy, who has sacrificed for our family, my work, and helped make my successes, our successes.

—JVA

To Nirit, for your love, support, and understanding.

—BJM

To Julie, Michael, and Nicholas. Thank you for never-ending love and support.

—JJD

To my wife, Yun-Ting, and my sons, Jordan and Kyle, for their love, patience, and understanding of me as a busy husband, father, and surgeon. And to my mother, Helen, and my father, Leyton, who taught me to never give up.

—GKL

To my teachers for giving me the background to contribute to this text and to my family for allowing me the time to do so.

—AKG
